

Exhibit 10

and conclusions of law:

1. This Court has jurisdiction over the subject matter of this case, and there is good cause to believe that it will have jurisdiction over all parties hereto; the Complaint states a claim upon which relief may be granted against Defendants John Doe 1 and 2 (“Defendants”) under the Computer Fraud and Abuse Act (18 U.S.C. § 1030), the Lanham Act (15 U.S.C. §§ 1114, 1125), the Anticybersquatting Consumer Protection Act (15 U.S.C. § 1125(d)), and common law of unjust enrichment.

2. There is good cause to believe that Defendants have engaged in and are likely to engage in acts or practices that violate the Computer Fraud and Abuse Act (18 U.S.C. § 1030), the Lanham Act (15 U.S.C. §§ 1114, 1125), the Anticybersquatting Consumer Protection Act (15 U.S.C. § 1125(d)) and constitute common law unjust enrichment, and that Sophos is, therefore, likely to prevail on the merits of this action;

3. Sophos owns the registered trademark “Sophos” used in connection with its services, software and products. There is good cause to believe that, unless Defendants are restrained and enjoined by Order of this Court, immediate and irreparable harm will result from the Defendants’ ongoing violations. The evidence set forth in Sophos’s Brief in Support of *Ex Parte* Application for a Temporary Restraining Order and Order to Show Cause Re Preliminary Injunction (“TRO Application”), and the accompanying declarations and exhibits, demonstrates that Sophos is likely to prevail on its claim that Defendants have engaged in violations of the foregoing law by:

- a. intentionally accessing and sending malicious software, code, and instructions to the protected computers and operating systems of Sophos, without authorization or exceeding authorization, in order to**
 - i. infect those computers and operating systems with malicious code and thereby attempt to gain control over those computers and operating systems;**

ii. attack the security of those computers by conducting remote reconnaissance, and attempting to access information on those computers, without authorization;

b. deploying computers and Internet domains to establish a command and control infrastructure by which means Defendants conduct the foregoing illegal activities;

4. There is good cause to believe that if such conduct continues, irreparable harm will occur to Sophos. There is good cause to believe that the Defendants will continue to engage in such unlawful actions if not immediately restrained from doing so by Order of this Court.

5. There is good cause to believe that immediate and irreparable damage to this Court's ability to grant effective final relief will result from the sale, transfer, or other disposition or concealment by Defendants of command and control software that is hosted at and otherwise operates through the Internet domains listed in Appendix A to this Order and from the destruction or concealment of other discoverable evidence of Defendants' misconduct available via those domains, including on user computers infected by Defendants, if Defendants receive advance notice of this action. Based on the evidence cited in Sophos's TRO Application and accompanying declarations and exhibits, Sophos is likely to be able to prove that:

- a. Defendants are engaged in activities that directly violate United States law and harm Sophos;**
- b. Defendants have continued their unlawful conduct despite the clear injury to the foregoing interests;**
- c. Defendants are likely to delete or to relocate the command and control software at issue in Sophos's TRO Application and the harmful and malicious software disseminated through the Internet domains listed in Appendix A to this Order, thereby permitting them to continue their illegal acts; and**
- d. Defendants are likely to warn their associates engaged in such activities if informed of Sophos's action.**

6. Sophos's request for this emergency *ex parte* relief is not the result of any lack of

diligence on Sophos's part, but instead based upon the nature of Defendants' unlawful conduct. Therefore, in accordance with Fed. R. Civ. P. 65(b), 15 U.S.C. § 1116(a) and 28 U.S.C. § 1651(a), good cause and the interest of justice require that this Order be Granted without prior notice to Defendants, and accordingly, Sophos is relieved of the duty to provide Defendants with prior notice of Sophos's motion.

7. There is good cause to believe that Defendants have specifically directed their activities to Sophos's firewall devices located in Virginia, including in the vicinity of Alexandria, Virginia, and the Eastern District of Virginia, have engaged in illegal activity using the Internet domains identified in Appendix A to this Order by using those domains to direct malicious code to Sophos's firewall devices to further perpetrate their illegal conduct. There is good cause to believe that Defendants have directed said malicious code and content through certain instrumentalities—specifically the domains and the domain registration facilities of the domain registries identified in Appendix A to this Order.

8. There is good cause to believe that to immediately halt the injury caused by Defendants, Defendants must be prohibited from accessing Sophos's firewall devices without authorization and prohibited from sending malicious code, content and commands from the Internet domains identified in Appendix A to this Order to Sophos's firewall devices.

9. There is good cause to believe that Defendants have engaged in illegal activity using the Internet domains identified in Appendix A to this Order to host the command and control software used to deliver malicious software to Sophos's firewall devices. There is good cause to believe that to immediately halt the injury caused by Defendants, each of Defendants' current and prospective domains set forth in Appendix A to this Order must be immediately transferred to the control of Sophos, thus making them inaccessible to Defendants for command

and control purposes.

10. There is good cause to believe that to immediately halt the injury, the execution of this Order should be carried out in a coordinated manner by Sophos and by the domain registries identified in Appendix A to this Order on such date and time within five (5) days of this Order as may be reasonably requested by Sophos.

11. There is good cause to believe that Defendants may change the Internet domains that they use to conduct illegal activities, and that Sophos may identify and update the domains listed in Appendix A to this Order as may be reasonably necessary to account for additional Internet domains associated with Defendants just prior to the execution of this Order and within a reasonable time thereafter should Defendants attempt to evade and defy this Order.

12. There is good cause to permit notice of the instant Order, notice of the Preliminary Injunction hearing and service of the Complaint by formal and alternative means, given the exigency of the circumstances and the need for prompt relief. The following means of service are authorized by law, satisfy Due Process, and satisfy Fed. R. Civ. P. 4(f)(3) and are reasonably calculated to notify Defendants of the instant order, the Preliminary Injunction hearing and of this action: (1) transmission by email, facsimile, mail and/or personal delivery to the contact information provided by Defendants to Defendants' domain registrars and hosting companies and as agreed to by Defendants in Defendants' domain registration and/or hosting agreements, (2) publishing notice on a publicly available Internet website, (3) by personal delivery upon Defendants, to the extent Defendants provided accurate contact information in the U.S.; and/or (4) personal delivery through the Hague Convention on Service Abroad or similar treaties upon Defendants, to the extent Defendants provided accurate contact information in foreign countries that are signatories to such treaties.

TEMPORARY RESTRAINING ORDER AND ORDER TO SHOW CAUSE

IT IS THEREFORE ORDERED that, Defendants, Defendants' representatives, and persons who are in active concert or participation with Defendants, are temporarily restrained and enjoined from: (1) intentionally accessing and sending malicious software or code to Sophos's protected computers, including its firewall devices, or the computers or networks of any other party, without authorization; (2) intentionally attacking and compromising computers of Sophos, including its firewall devices, or the computers or networks of any other party, to access computing resources and information on those devices, or for any other illegal purpose; (3) configuring, deploying, operating, or otherwise participating in or facilitating a command and control infrastructure described in the TRO Application, including but not limited to the command and control software hosted at and operating through the Internet domains set forth in **Appendix A** to this Order and through any other component or element of the command and control infrastructure at any location; (4) stealing information from Sophos or any other party, including through the foregoing activities; (5) misappropriating that which rightfully belongs to Sophos or any other party, or in which Sophos or any other party has a proprietary interest, including through the foregoing activities; (6) downloading or offering to download additional malicious software onto Sophos's firewalls or the computer of any other party; or (7) undertaking any similar activity that inflicts harm on Sophos, any other party or the public.

IT IS FURTHER ORDERED that, Defendants, Defendants' representatives, and persons who are in active concert or participation with Defendants are temporarily restrained and enjoined from (1) using and infringing Sophos's trademark, including specifically Sophos's registered trademark "Sophos" and/or other trademarks, trade names, service marks, or Internet Domain addresses or names containing or infringing such trademarks, trade names or service

marks; (2) using in connection with Defendants' activities, products, or services any false or deceptive designation, representation or description of Defendants or of their activities, whether by symbols, words, designs or statements, which would damage or injure Sophos or give Defendants an unfair competitive advantage or result in deception in Sophos's markets and channels of trade; or (3) acting in any other manner which suggests in any way that Defendants' activities, products or services come from or are somehow sponsored by or affiliated with Sophos, or passing off Defendants' activities, products or services as Sophos's.

IT IS FURTHER ORDERED that, with respect to any currently registered Internet domains set forth in Appendix A to this Order, the domain registries set forth in Appendix A shall take the following actions:

A. Within five (5) business days of receipt of this Order, shall unlock and change the registrar of record for the domains to Lexsynergy Ltd. or such other registrar specified by Sophos. To the extent the registrar of record does not assist in changing the registrar of record for the domains under its control, the domain registry for the domains, or its administrators, including backend registry operators or administrators, within five (5) business days of receipt of this Order, shall change, or assist in changing, the registrar of record for the domains to Lexsynergy Ltd. or such other registrar specified by Sophos. The purpose of this paragraph is to ensure that Sophos has control over the hosting and administration of the domains in its registrar account at Lexsynergy Ltd. or such other registrar specified by Sophos. Sophos shall provide to the domain registry or registrar of record any requested registrar information or account details necessary to effectuate the foregoing.

B. The WHOIS registrant, administrative, billing and technical contact and identifying information should be the following, or other information as may be specified by

Sophos:

Domain Administrator
Sophos Ltd.
The Pentagon, Abingdon Science Park
Abingdon OX14 3YP
United Kingdom
registrar@sophos.com

C. Prevent transfer, modification or deletion of the domain by Defendants and prevent transfer or control of the domain to the account of any party other than Sophos;

D. Take all steps required to propagate to the foregoing changes through the Domain Name System ("DNS"), including domain registrars.

IT IS FURTHER ORDERED that copies of this Order, notice of the Preliminary Injunction hearing and service of the Complaint may be served by any means authorized by law, including (1) transmission by email, facsimile, mail and/or personal delivery to the contact information provided by Defendants to Defendants' domain registrars and/or hosting companies and as agreed to by Defendants in the domain registration and/or hosting agreements, (2) publishing notice on a publicly available Internet website, (3) by personal delivery upon Defendants, to the extent Defendants provided accurate contact information in the U.S.; and (4) personal delivery through the Hague Convention on Service Abroad or similar treaties upon Defendants, to the extent Defendants provided accurate contact information in foreign countries that are signatories to such treaties.

IT IS FURTHER ORDERED, pursuant to Federal Rule of Civil Procedure 65(b) that the Defendants shall appear before this Court on May 12, 2020 at 2:00 PM to show *by teleconference* cause, if there is any, why this Court should not enter a Preliminary Injunction, pending final

ruling on the Complaint against Defendants, enjoining Defendants from the conduct temporarily restrained by the preceding provisions of this Order.

IT IS FURTHER ORDERED that Sophos shall post bond in the amount of \$10,000 to be paid into the Court registry.

IT IS FURTHER ORDERED that Sophos may identify and update the domains in Appendix A to this Order and the Complaint as may be reasonably necessary to account for additional Internet domains associated with Defendants' illegal conduct just prior to or within a reasonable time after the execution of this Order.

IT IS FURTHER ORDERED that Defendants shall file with the Court and serve on Sophos's counsel any answering affidavits, pleadings, motions, expert reports or declarations and/or legal memoranda no later than one (1) day prior to the hearing on Sophos's request for a preliminary injunction.

IT IS SO ORDERED
